## FOR AUTHORS

*Complete and updated instructions for authors can be found at the Web site <http://pefmath.etf.rs>*

**Scope:** Graphs and combinatorics, Mathematical analysis and related fields, Numerical analysis, Probability and Statistics, Continuous and discrete mathematical models. Submissions dealing with applications in other sciences or in real-world problems are welcome provided that they focus on mathematics rather than on application itself.

**How to prepare articles:** Articles should be written in English language. The style of writing must meet usual standards for mathematical papers. Papers written in a careless manner will not be accepted, independently of their mathematical contents.

Authors are requested to use  $\text{\LaTeX}$  or any other version of  $\text{\TeX}$  in preparation of their articles, preferably in a  $\text{\LaTeX}$  template that can be downloaded from the Web site, together with specific style guidelines.

**How to submit:** Submissions should be made online, from the Web site. Only pdf files can be uploaded.

**Additional information can be found at the Web site.**
